WILLIAMS ANNOUNCES

**SUPREME COURT JUSTICE IS IN
THE RACE FOR GOVERNOR.
WILL RESIGN.**

Oklahoma City, Okla., Sept. 13.—Judge R. L. Williams, of the Oklahoma Supreme Court, today announced his candidacy for the democratic nomination for Governor at the August primary in 1914, and stated that probably not until after January 1st would he make his formal announcement, setting forth his platform on which he will make the race.

"Economy, efficiency, honesty and equal apportionment of the burdens of taxation must characterize the administration of the executive department of the State Government, and that is what I stand for, as well as a reduction of the burdens upon the taxpayers," said Judge Williams in stating that he would be a candidate.

Judge Williams has announced his intention of resigning as associate justice of the Supreme court when he begins an active campaign in the interest of his candidacy. His present term on the Supreme Bench expires in January, 1915, and under no circumstances will he be a candidate for re-

election to the supreme bench, he said.

Judge Williams is one of the most widely known men in public life in Oklahoma. He was the first Chief Justice of Oklahoma's Supreme Court, after admission into the Union, and has served continually on the bench since then. He was a member of the Constitutional Convention and is the author of the two cent railroad rate provision, which was written into the Oklahoma Constitution at a time when two cent railroad fare was in effect in only one State in the Union, that being Ohio.

He also is the author of practically all of the constructive provisions in article nine, governing corporations, creating the Corporation Commission and granting it the powers it now exercises. He is the author of the fellow servant provision and the provision requiring the submission of all disputes between capital and labor to a board of arbitration.

On account of his intimate knowledge of the Constitution Judge Williams has written nearly every important opinion handed down by the Supreme Court, which involved constitutional questions, not the least of which is the one establishing the constitutionality of Oklahoma's famous so called "grand father clause."

Judge Williams was born, reared and educated in Alabama. He came to Oklahoma in 1896 and located at Durant. He was active in politics in territorial days and prominently identified with the movement that brought about statehood. He was democratic national committeeman from the Indian Territory at a time when a place on the national committee was practically the only representation the eastern part of the state had in the political government of the country.

He has been a successful business man and that marks him at this critical time in the State's history as pe-

cularly fitted to guide the affairs of state.

RAINFALL AT ADA

OVER AN INCH

The total rainfall of Thursday night and Friday as recorded by the government gauge in charge of H. P. Sugg, local observer, was 1 14-100 inches. Mr. Sugg might have made it another inch had he been enterprising enough to pour a dipper of water into the gauge, but he preferred to give the actual reading, even though it was not as much as one might have wished for.

The death of Mayor Gaynor of New York city bids fair to muddle the political situation considerably. He was making a campaign on an independent ticket for re-election against the regular Tammany nominee and the nominee of the fusion forces with every prospect of splitting the vote to an extent that would have given the office to Tammany again, but as matters motion ordered the venue for all three hustles if it finds a man of sufficient strength to put in Gaynor's place to split up the vote of the opposition as he would probably have done. Tammany has great power but when death takes a hand in the game it loses its hold.

Lupus Worst Form of Skin Diseases

Here is a Home Treatment that Overcomes even Worst Cases.

Blood Disorders are Banished by S. S. S.

A tiny pimple spreads to the side of the face and often covers the cheeks and bridge of the nose. It is very destructive to the glands of the skin. No external treatments will overcome it, as the cause of lupus is from impurities in the blood supply. The only known method of cure is to get the blood supply under the control of S. S. S., the famous blood specific. Its action is quite remarkable and has direct influence upon the network of small blood vessels and glands in the skin. From the fact that S. S. S. is purely a botanical preparation, it is accepted by the weakest stomach and has great tonic influence in all the digestive organs. It is certainly a wonderful blood medicine, and is prepared direct from native materials gathered by the experts of the famous Swift Laboratory. Not one drop of minerals or drugs is used in its preparation. Ask for S. S. S. and insist upon having it. And if you desire skillful advice and counsel upon any matter concerning the blood and skin, write to the Medical Department, The Swift Specific Co., 183 Swift Laboratory, Atlanta, Ga. Do not allow some zealous clerk to larrup the atmosphere in the sequence over something "just as good" as S. S. S. Be aware of all substitutes. S. S. S. is what you need.

MCKEOWN FOR THE SUPREME COURT

Judge Tom D. McKeown is being urged by his many friends to enter the race for justice of the supreme court to succeed Justice R. L. Williams who will not be a candidate to succeed himself. He has not signified what his course may be, but if he should decide to become a candidate he will prove a most formidable candidate. Not only is he recognised as one of the leading attorneys and among the ablest judges of Oklahoma, but his wide acquaintance and personal popularity will give him much prestige from the very beginning of the fight.

CHANGE OF VENUE

IN ARSON CHARGE

Fort Worth, Tex., Sept. 12.—Although declaring himself to be completely satisfied that a jury could be procured in Tarrant County that would give both the State and defendant a fair trial, Judge Marvin H. Brown of the Sixty-Seventh District Court today, on his own motion, ordered the Lee Weatherford and other arson cases transferred to Parker county. This was done after the state's application for a change of venue had been temporarily overruled and after the court had ordered that an effort be made to impanel a jury to try the case in this county.

The sudden change of program was because, as the court stated, County Attorney John W. Baskin made announcement in open court that he considered Dr. Norris responsible for the church burning. The attitude of the County Attorney, it was claimed, unfitted him to prosecute the defendants and the state's special counsel asked that the case be removed to a place where the county attorney was not biased or prejudiced.

Senator Odell declared that the condition presented here would place the special counsel in such attitude before a jury that their efforts to convict would prove futile. He intimated that he intended to withdraw from the case unless the venue was changed.

County Attorney Baskin offered to withdraw from the case and counsel for the defense submitted a proposition for the appointment of a special county attorney. None of these proposals, however, suited the state's attorneys and they insisted that the court, at his discretion, as provided by law, grant a change of venue on the ground that the County Attorney was disqualified.

The legal fight over the point was stubborn and prolonged. Argument was heard and authorities were produced. The court finally of his own now stand Tammany will have to of the arson cases changed to Weatherford, where the District Court will meet Sept. 22, or just ten days from this date.

Their Expression.

Nothing is to me more distasteful than that entire complacency and satisfaction which beam in the countenances of a newly-married couple—that of the lady particularly; it tells you that her lot is disposed of in this world; that you can have no hopes of her. It is true I have none, nor wishes either, perhaps; but this is one of those truths which ought, as I said before, to be taken for granted, not expressed.—Charles Lamb.

STATUS OF THAW CASE

Colebrook, N. H., Sept. 12.—The protracted court battle denied Harry K. Thaw in Canada by his sudden deportation on Wednesday promises to be waged in New Hampshire. His newly retained counsel hope to have a personal hearing before Gov. Felker on the matter of extradition and should extradition be granted they will carry the matter to the state supreme court on a writ of habeas corpus. Three of these attorneys—N. E. Martin of Concord, Willard H. Olmstead of New York and Merrill Shurtlett of Colebrook—hurried to the capital today.

Sheriff Hornbeck of Dutchess County, New York, wherein is located the Matteawan Asylum, from which Thaw escaped, was en route here tonight with the requisition warrant signed by Acting Gov. Glynn. As the document must first be laid before Gov. Felker, the New York lawyers were chagrined at the sheriff's mistake in heading for Colebrook. Upon his arrival he or some other representative of the state will be hurried to Concord.

Wednesday next, according to Thaw's lawyers, they expect to have their hearing before Gov. Felker. They estimate that three days will elapse before he can render a decision. If this is adverse they will apply at once for a writ of habeas corpus. Argument on this would likely be postponed for another week.

This would mean days of weary waiting unless William Travers Jerome can engineer some coup. He has in mind now a plan to seize the fugitive in case his deportation is ordered and block efficiency of the habeas corpus writ by concealing from the Thaw counsel the identity of the individual to whom Thaw would be given in charge. The writ would have to be directed against the prisoner's custodian at the time and if Jerome could work quickly enough and with

sufficient secrecy his plan might be successful.

In view of the decision of counsel to fight the case out at Concord, Thaw was not brought into court in Colebrook today. It is probable that on Monday he will be taken to the capital preparatory to the arguments for and against surrendering him to New York. The chief argument of his lawyers will be that New York seeks his extradition on a charge of conspiracy—a charge which they contend New York never purposes to try him on. They will contend that extradition in such circumstances is a subterfuge and that there are precedents to sustain them in this.

"The Home of Courteous Treatment"

NORMAL NOTES

By Hu Bilz.

While the Y. M. C. A. boys were having their "stag" affair Thursday night, the young ladies of the Y. W. C. A. were being entertained at the home of Miss Vallie Price on W. 18th street. The reception, like that which the young men held, was a "get acquainted" affair held primarily for the purpose of getting the new girls acquainted and making them feel more at home. Games were played and several readings rendered by Misses Marguerite Wimbiash, Lucy Baker and Helen Myers. At a late hour the guests departed with a feeling that they could be very much at home in Ada, especially if they were in the Y. W. C. A.

The Y. W. C. A. has always been one of the liveliest organizations in East Central. Since the founding of the school the Y. W. C. A. has always had an active part in school life. They have always maintained a bureau of information where the new students could find out anything that might be puzzling them. Not only this but many other things has the association done for the new pupils who came in at the beginning of each term. The year's work is mapped out already and is much greater in extent than any year heretofore. Quite a bit of the work in Bible study will be done this year. "Bible Stories," "Training for Service" and on the life of Paul will be given. Mr. Sears will have charge of the Bible study. Miss Leone Steed will have charge of the mission study work. The association will meet each day at noon for a five minute devotional service and will also have one whole chapel hour each week. The faculty advisory committee is composed of Misses Turner and McClain.

There will be at least five and probably more football games on the local field. They will all be good stiff games and you might as well get ready to see the games—all of 'em. Remember, too, that East Central has the strongest team that she has ever had.

The book exchange is proving a great help to the students. It is under the management of Mr. Virgil Cottingham. All pupils who have second hand books can list them with the manager and get them disposed of in that way. Also many books which they need themselves may be found in the exchange.

Frank Jones is being located for captain of the foot ball team. "Old Jones" has played on every football team that East Central has had and fully deserves the honor. Besides that

Eagle Pass, Tex., Sept. 12.—Caught between Sheriff Gardner's posse and Lieut. McLean's detachment of United States soldiers, the band of Mexican ammunition smugglers which yesterday shot to death Deputy Sheriff Ortiz of Dimmitt county is expected to be captured before daylight.

Reports to military authorities here from Lieut. Allen at Blocker's Crossing said that the band was ten miles from Denton at 5 o'clock, headed for Alameda Crossing. The band is mounted, but their horses are worn out, and it is reported the pursuing parties are closing in on them.
